🎉 New Update: 2nd & Last Saturday Off + Flexi Hours for All Teams 🎉

Dear Team,

To support work-life balance and promote well-being, we're rolling out two exciting updates:

📅 **Effective immediately, both the 2nd and last Saturdays of every month will be official off-days** across all departments and locations! 🥳

Additionally, we're introducing **flexible working hours** to maintain a healthy work-life balance. You can manage your working hours as long as you complete your tasks and responsibilities.

A few key points to keep in mind:

✅ **Flexible hours** are available, but **core collaboration and reporting** must occur between **9 AM to 5 PM (California Time, USA)**.

✅ The **200-hour monthly work requirement** still applies.

❌ Team members with **pending or overdue tasks** will not be eligible for the Saturday off.

 **Operations and essential services teams** must rotate staff to ensure seamless **shipping and customer support**.

Let's keep up the great work, stay motivated, and take full advantage of the flexibility and time off! 💪🙌

Thank you for your dedication and hard work! 🧳✨
